Duke Women’s Impact Network Leadership Council (2015-2016)

The Duke WIN Leadership Council consists of alumnae leaders and donors who serve as WIN advocates and ambassadors. Council members work closely with the WIN team, the WIN Internal Steering Committee, and the wider alumnae network to increase the number of women shaping Duke’s future through their philanthropic influence, strengthen the pipeline of women for service on Duke’s volunteer leadership boards, and enhance the way Duke cultivates and engages women for volunteer and financial leadership at the highest levels.
